

Дорогие пятиклассники!

2021-2022 учебный год, первый год в Оренбургском президентском кадетском училище, был для вас не легким. Все было новым и непривычным здесь. Вы учились вновь постигать законы дружбы, взаимоуважения и поддержки ближнего. Вы на практике поняли смысл известного выражения: «Один за всех и все за одного». Вы научились трудиться. Трудиться так как, возможно, не умеют многие ваши сверстники из обычных школ. Вы научились ценить время и не тратить его зря. Преподаватели английского языка очень надеются, что вы правильно организуете свое время и во время летних каникул и найдете время, чтобы позаниматься английским языком, вспомнить, что было пройдено в прошедшем учебном году.

Now he is with his classmates and the usual talk begins.

"Hallo, Victor!"

"Thank you, fine."

"Now tell me, where have you been all the time?. Did you go anywhere?"

#### A Day in the Life of Simon Carrot

First of all, I must tell you about myself. I am thirteen and I am in the third class at a Grammar school in Manchester.

I wake up late and don't have time to eat my breakfast. I am often late for school.

The first lesson on Monday morning is Maths. What a terrible way to start the week! Mr Green, the Maths teacher takes our homework. He sees that my exercise - book is dirty. He is very angry and gives me a bad mark for it. Then he gives us some tasks to do. I sit next to Jane, who is fat and not very pleasant — but very good at Maths. I ask her to tell me the answers, but she doesn't want.

The next lesson is French. I like French. At last, it is eleven o'clock: time for break. Nell gives me a piece of cake to eat with my milk. She also gives me her Latin homework to copy. I think she likes me and she's a nice girl. After break, we have two lessons of Latin! They are bad: I hate Latin!

1. Is the boy good at Maths?
2. Does he like Latin?
3. Is he a good pupil?

### My Mother's Birthday

My name is Kate. My family is a typical Russian family. There are four of us. I have got a mother. Her name is Ann. She is a teacher. She is very kind. Her hobbies are singing and shopping. My mother is fond of reading detective stories.

My father's name is Peter. He is a driver. He is clever and sporty. My father is fond of fishing. My brother Nick is small. He is only four. He likes playing with his toys.

We are a close and friendly family. We like to spend time and holidays together.

Tomorrow it will be my mother's birthday. My brother and I will go shopping together with our father. We are going to buy our mum a birthday present. It will be a nice scarf. She would like to have a white one. And we shall buy flowers for her, too.

Tomorrow my brother and I will clean the flat. We won't be lazy. Father will help us. Then we'll make our kitchen clean and bright. Tomorrow we will lay the table. We would like our mother to be happy.

## Card №6

We have a nice flat in a new block of flats. Our flat is on the fourth floor. It has all modern conveniences: central heating, gas, electricity, cold and hot water and a lift. There are three rooms, a kitchen, a bathroom and a hall in our flat. The living-room is the largest and most comfortable room in the flat. Our bedroom is smaller than the living-room and not so light as there is only one window in it. In this room there are two beds with a bedside-table between them. The third room is my study. It is not large but very cosy. There isn't much furniture in it. It has a desk and an armchair before it. In the right-hand corner there is a bookcase full of books, magazines and newspapers. Near it there is a sofa with some cushions. In my opinion, the study is the best room in our flat. But the warmest place in our flat is the kitchen, I think — the place where the whole family gathers every evening not only to have supper together, but also to speak and rest. I like the English proverb: "My home is my castle" because my flat is, indeed, my castle.

1. What is the most comfortable room in the flat?
2. What is the study like?
3. What does the family do in the kitchen?
